DETAILED ACTION

Rejections Maintained

1. Claims 2, 25 and 30 are rejected under 35 U.S.C 112, first paragraph for reasons of record in paper no. 8, paragraph-6, mailed on May 12, 2003.

Response to Arguments

2. Applicant's arguments filed October 8, 2003 have been fully considered but they are not persuasive.

Applicant argues in the amendment filed on August 15, 2003 that Claims 2, 25 and 30 are rejected under 35 U.S.C 112, second paragraph and submits that "pre-cured carbon" and its method of manufacturing is known in the art. These are not deemed to be convincing because (1) the rejection made is under 35 U.S.C 112, first paragraph and not second paragraph as alleged, and (2) applicant has failed to provide any evidentiary support for their position that the "pre-cured carbon" and its method of manufacturing is known in the art. As mentioned in the last Office Action (see paper no. 8, mailed on May 12, 2003), the originally filed specification discloses pre-cured carbon fibers but fails to teach as to what is a "pre-cured carbon fiber" and how is it made in order for an enabling specification for one of ordinary skill in the art.

Thus, in the absence of any evidence to the contrary, it remains the examiner's position that the instant claimed invention is found to be non-enabling under 35 U.S.C. 112, **first paragraph** for reasons discussed above.

3. Claims 1-5, 7, 9-10, 12-14 and 23-35 are free of the prior art uncovered so far in that the rigidified mesh tape has a plurality of longitudinal and lateral fibers, the fibers coated with a resin, that a sheet removably attached to at least one side of the mesh tape, and that the removal of the sheet exposes a clean, roughened surface of the mesh tape, and also for reason discussed in paper no. 8, paragraph-7.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

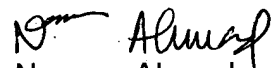

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
